New CyberKnife Center opens in Encinitas

By: North County Times –

ENCINITAS ---- CyberKnife Centers of San Diego has opened a second center at 477 N. El Camino Real, Suite D-101, Encinitas. The CyberKnife is a robotic radiosurgery system that delivers carefully targeted doses of radiation to cancerous tumors. It can target, track, move with and wrap around tumors, which makes it able to treat even inoperable tumors. The new CyberKnife center is part of a North Coast Health Center expansion that will house an array of cancer-related diagnostic and treatment services. Call (800) 470-1256 or (760) 230-6706.
